

Javed Saifi

— saifijaved616@gmail.com — 8527019853—

PROFILE SUMMARY

- Proficient in JavaScript as well as **Node.js**, Next.js and Angular.
- Familiar with C++, Operating Systems, Database Management Systems (worked with DBeaver, MongoDB & MySQL)
- Well-versed in Node.js frameworks like Express.js and middleware modules such as body-parser.

EDUCATION

Satyug Darshan Institute of Engineering and Technology,
B.Tech in Computer Science

July 2022
Overall GPA: 7.4

Shanti Niketan Public School, Faridabad(CBSE board),
Senior Secondary(XII), Science

May 2018
Overall Percentage: 72%

EXPERIENCE

VVnT SeQuor, Noida

Web Automation Engineer Trainee

Jan, 2022 - Jun, 2022

- Developed and implemented automated testing scripts using tools such as Selenium and Cypress to ensure the functionality and reliability of web applications.
- Assisted in maintaining and updating existing automation frameworks, ensuring compatibility with new software updates and features.

Loyalty Partner IT Solutions Pvt. Ltd.

Web Developer Trainee

Apr,2024 - Present

- Developed customized web applications using Angular and JavaScript.
- Built server-side logic and APIs with Node.js.
- Integrated front-end and back-end components for seamless functionality.

PROJECTS

Personal Portfolio Website

Technology: Next.js, React, HTML, CSS, Tailwind CSS

- Engineered a high-performance portfolio website using Next.js to enable server-side rendering and static site generation, ensuring fast load times and optimal performance. React was utilized to build interactive and dynamic components for a richer user experience.
- Designed with Tailwind CSS for a modern, mobile-first interface, incorporating smooth scrolling and animations with CSS.
- Deployed the website on Netlify, benefiting from its powerful hosting features and continuous deployment capabilities for efficient updates and performance optimization.

Contact Form with Nodemailer

Technology: Node.js, Express, Nodemailer, HTML, CSS

- Developed a secure contact form using Node.js and Express for server-side logic, with JavaScript for client-side form handling and validation.
- Integrated Nodemailer to automate email responses and notifications, ensuring reliable communication and immediate confirmation of form submissions.

User Authentication System with Profile Management

Technology: Node.js, Express.js, Body-parser, Express-session, Express-router, MySQL, HTML, CSS

- Built a secure login and registration system using Node.js and Express.js, with session management through Express-session and profile management. Designed forms with HTML and CSS for a user-friendly interface.
- Utilized Body-parser for form data handling and Express-router for modular routing, with MySQL for database management and Apache for server hosting.
- Created intuitive and responsive forms using HTML and CSS, ensuring a seamless user experience with secure password handling and profile updates.

Technical SKILLS

- **Computer Languages:** HTML5, CSS3, JavaScript, Next.js, MySQL, C++.
- **Software and Tools:** VS Code, Apache, DBeaver, Putty, FileZilla, MySQL, Postman.

CERTIFICATIONS

- Programming in JAVA(NPTEL)
